Dear Nathan

Re: S M and H A

Congratulations on an outstanding outcome! Genelle has kept me posted on the frustrating case you were working on regarding my constituents S M and H A.

This was a most unfortunate event and the issue with the insurance company made it impossible for them to start rebuilding their lives. The initial offer of \$20,000 was never going to solve their problems. To be successful in a payout of \$152,824.89 is an impressive result indeed. Well done.

Please accept my heartiest appreciation for your assistance and work on this matter. Hopefully we won't require your services again but on the off chance that we do, it's great to know where to go!

Kind regards
